

# Transfer to a personal policy with us

with the option of cover for previous and existing medical conditions

Depending on the cover you choose, you can transfer your healthcare cover to us, with no change to the way we cover your previous and existing medical conditions.

If you're leaving your company scheme it's easy to transfer to one of our personal policies, with the option of no further underwriting, and cover for previous and existing medical conditions.

So for example, if you had been covered for a knee condition before and needed to make a claim, we could still cover you for any ongoing treatment, dependent only on the benefits, limitations and exclusions of the policy you take out with us.

This option is only offered to you as a previous AXA Health company scheme member and isn't normally available to everyone.

You have 120 days from the date you leave your company healthcare scheme to join on a personal health insurance plan with this special underwriting option. You can still join any time after that date, but normally any conditions that you were previously claiming for would be excluded from cover.

Please call us on 0800 389 7911 to discuss the options available to you.

### It's quick and easy to switch

It's quick and easy to switch to a personal policy. We'll do all of the paperwork and there's no medical examination needed when you join.

Simply call us and we will guide you through the transfer process.

Call AXA Health on **0800 389 7911**Monday to Friday 9am to 7pm

### Introducing Health For You

Health For You is an affordable way of getting health insurance where you build your own package to find a price that suits you.

#### How Health For You works

Start with the Core cover. Then choose Options to boost your cover to suit your individual needs. And then, if you want a lower price, we can look at ways to bring down the cost, such as removing Options or adding an excess.

### Why is Health For You a cost effective choice?

Here are a few main reasons why it's cost effective:

We run as much as we can online.

We work with carefully selected hospitals and specialists.

You can choose what's covered, so you get a price you like.

By offering a no claims discount that can build up to 80%.

Providing private health insurance in this way keeps the costs down without compromising on the quality of cover you receive.

### Why consider Health For You?

### No need to worry about NHS waiting lists

So long as you're covered you can see a specialist and get the treatment you need quickly.

(Specialist appointments are covered when you choose an Outpatient Option)

#### Heart and cancer cover and care

Our cover aims to meet your needs at all stages of cancer treatment and heart surgery. We provide access to the very latest in licensed treatment, drugs, support and care, including proven drugs that are not yet available on the NHS.

Note: As with all private healthcare policies, your eligibility for cover depends on your medical history and cover options chosen.

Outpatient drugs are not covered on this policy.

#### **Private hospital care**

Access to private hospital care around the country, carefully selected for the Health For You product.

#### 24/7 information support line

24/7 health support line, providing access to healthcare professionals, including nurses, counsellors, midwives and pharmacists.

Please note that pharmacists and midwives are available from 8am to 8pm Monday to Friday, until 4pm on Saturday and until 12pm on Sunday.
