

Free Worldwide Travel Cover for employees

For a limited time, we're offering free Worldwide Travel Cover for a year, to new customers who don't currently have business healthcare cover. (You need to include a Treatment option for all members on your new plan.)

Our Worldwide Travel Cover option provides cover for employees and any family members included on your plan, whether they're travelling for business or pleasure.

So, with this offer, you can make sure that your team's health is taken care of, even while they are on their holidays.

Offer ends 30 September 2025.

Offer is available for policies with up to 64 employees and the plan must remain live during any period of travel. The worldwide travel cover option will automatically be removed from your policy at the end of your first year of cover. Your intermediary can discuss options with you at renewal.

What's included?

If you'd like to find out more about business healthcare cover, including what is and isn't included, please contact:

Name:

Email:

Tel:

- ✓ Cover for emergency medical treatment if the worst happens when you or your team are travelling abroad.
- ✓ Enjoy peace of mind with access to our 24-hour international emergency medical assistance service.
- ✓ 65 day trip length limit, and can be overseas for a maximum of 180 days per year.
- ✓ Cover for business travel.
- ✓ Benefit from cover on UK trips when you have two nights pre-booked accommodation or pre-booked transport at least 50 miles from home.
- ✓ No need for you or your employees to provide a medical history. Most pre-existing medical conditions you or your employees have will be covered abroad, if your medical doctor says you're fit to travel.¹
- ✓ Family members on the plan are covered too, even if they travel solo (family members must be added on and this will increase your premium).

¹ If the insured member is terminally ill (by which we mean has a life expectancy of below one year at the start of the trip) we will not pay claims caused directly or indirectly by that terminal illness.

How much is this offer worth?

An example plan covering five employees for a year, including Treatment with Cancer Cover, Full Outpatient, Therapies and Mental Health Cover options: **£4,793.25**

If you were to include our Worldwide Travel Cover with the example plan above, the cost would usually be: **£5,178.91**

So, in this example, the business will save 7.4% of their overall premium

Percentage saved will depend on cover options selected, location and ages.

This example is based on five employees (aged 60, 50, 40, 30 and 20), living in a TN1 postcode, with a £100 excess and a two year moratorium on pre-existing conditions.

Costs are representative as of April 2025, and prices will vary depending on location, cover options and ages.
